Friday, August 7. 1713.

From the Brussels Gazette, dated Aug. 11.

Genua, July 26.

**W**e have Advice from Leghorne, that some Ships which were arrived there from Sicily had brought an Account that that Kingdom persisted in refusing to acknowledge the Duke of Savoy for their King.

From the Amsterdam Courant, dated Aug. 12.

Schaffhausen, Aug. 3. Letters from Turin of the 26th of July tell us, that the Duke of Savoy having received the Treaty between him and Spain, was making Preparations for going to Sicily with a Body of Troops; and that his Royal Highness proposes to imbarke the 25th of this Month.

From the Brussels Gazette, dated Aug. 11.

Copenhagen, July 29. On Friday last our Fleet put to Sea, and was followed on Saturday by 2 or 3 large Ships. The whole Fleet consists of 20 large Men of War, besides Frigates, Fireships, and Tenders, and is commanded by Admiral Reetz. Two more of our largest Men of War are fitting out, and will sail in a few Days to reinforce the Fleet. We have Intelligence that the Swedish Fleet is out at Sea, and ours is ordered to look for and fight them. On Wednesday Morning the King set out from hence for Holstein. The next Day came the News of the taking of the Island of Rugen, with which an Express was dispatched to the King, by the Counsellor of State M. Wiebe. Yesterday we received an Account, that the Swedish Fleet consisting of 16 large Men of War are at an Anchor a little off Bornholm; on which Advice, three or four Ships which were in our Road, sailed early this Morning.

Hambourg, Aug. 4. The King of Denmark arrived the 29th past at Sleswic, and 'tis believed will shortly go to the Army in Pomerania, whither Lieutenant-General Hohendorff is in a readiness to march with a Body of Danish Troops. The Danish General Scholten who arrived here three Days ago from his Government of Staden, is preparing to go to Itzehoe, whither the King went Yesterday from Sleswic. Letters from Stettin say the Troops of the Allies which have invested that Place, have begun to draw pretty close to it; whereupon the Gouvernour has caused the Artillery to be drawn out on the Bastions, Ravelins, and other Posts, and is making the necessary Dispositions for a vigorous Defence. They write from Rostock, that the 2000 Saxons who made the Descent on the Island of Rugen, were followed thither by 6000 Muscovites, who have obliged the Swedish Troops to retire to Stralsund, which will forthwith be besieged in Form, and M. Rosenpalm is preparing to attack the Fort of Danholm, the taking of which will facilitate the Reduction of Stralsund, where General Ducker is preparing to make a good Defence. The Saxon General Count Flemming has by an Edict ordered the Inhabitants of the Island of Rugen to stay in their Dwellings, assuring them of Protection, and that if any Injury be offered them by the Soldiers, they shall have full Satisfaction upon Complaint made to Prince Mensikoff or himself. The Danish and Swedish Commissioners having settled the Accomp't of Prisoners on both Sides, the Swedes will speedily be transported to their own Country, for which Service there are Vessels ready in Jutland. Letters from Stockholm say there was a Talk there of a Marriage between the Princess Ulrica and the Prince of Hesse-Cassel.

From the Camp at Muhlberg, Aug. 4. We have no other News about Landau, than that the Enemy made themselves Masters of the first Counterscarp the 26th of last Month: But we know not certainly yet how far they are advanced towards the second: They flatter themselves they shall carry the Place by the 15th. We learn likewise, that the Enemy draw all the Troops they can from their Garrisons in Brabant and elsewhere, to the end that by their great Superiority they may the more easily execute their Designs. 'Tis said the next thing they will do, will be to invest Fribourg; whether so Fireworks were sent from hence Yesterday. We hear the Enemy have not only taken down in the Palatinate, on their Side of the Rhine, the Arms of the Elector Palatine, and put up those of Bavaria's but that the Elector of Bavaria has already made Grants of some Lands of the Subjects of the Elector Palatine to his own Officers.

From the Amsterdam Courant, dated Aug. 12.

Menz, Aug. 6. The Hanoverian Generals Bulow and Rantzau came Yesterday into the Neighbourhood of this Place with 18000 Men. The Munster Regiments of Schwartz and Haxhuyzen lie a League from hence. A Number of Grenadiers are detached from the Marshal de Villars's Army, to assist in Storming some Outwork of Landau. There is no Breach made yet in the Wall of the Body of that Place. The Gouvernour has caused some Parts of that Wall to be taken lower, that his Artillery may the more annoy the Enemy in their Approaches.

Francofors, Aug. 6. Yesterday the Hanover Troops, as also the Palatine Regiments of Norpat and Lubek marched into the Camp on this Side of Menz; but the Troops of Wurtemberg and Wolsembittel are to pass through this City next Tuesday for the Upper Rhine. The Saxons who were marching towards their own Country, are now at Hanau two Leagues from hence, and are likewise to march to the Upper Rhine. There is a Talk now of our Army's passing the Rhine, but we have Reason to doubt it.

Cologe, Aug. 8. Yesterday a Regiment of Paderborn which was in the Dutch Service, passed the Rhine here and marched towards Coblenz. Three Regiments of Anspach have passed the Rhine at Bonn. Four Hessian Regiments are expected here this Week: And all these are to march to the Upper Rhine. Yesterday came an Order from the Bishop of Munster, for his Regiment of Mengesheim which lies here to march up thither likewise.

Falmouth, Aug. 2. This Evening arrived the Queen-Packet-Boar, Captain Culverden Commander, in seven Days from Lisbon; who advises, that on the 17th of last Month arrived there her Majesty's Ships the Charles-Galley and Success Store-Ship from Gibraltar; the latter of which is to take in the Remains of the naval Stores for Great Britain. And that Sir Nicholas Trevanion in her Majesty's Ship the York arrived there the 18th from Cadiz in his Way home, and sailed on the 27th, having on board the Secretary to the Ambassador of the King of Portugal in England.

London, August 7. Yesterday South Sea Stock was 93, 93 and an half, to 93 three eights. Bank 127 three quarters to 128 one quarter. India 114 to 123 three quarters. African 46.

In Yesterday's Courant, the 33d Line in the left Column, for a/c read were.
